TECHNICAL SUMMARY

Languages: Python, C/C++, Java, JavaScript
Web: HTML, CSS, JavaScript, Node.js, React.js
Databases: SQL (MySQL)
Tools & Libraries: Git, Excel, NumPy, Pandas, scikit-learn (beginner), Google Analytics, Gemini 2.5 API
Interests: Artificial Intelligence, Data Science, Machine Learning, Full-Stack Web Development (MERN Stack)

PROJECT EXPERIENCE

Wish Calculator
Personal Project | 2024

- Developed an interactive probability-based calculator inspired by a Pinterest post. Implemented a dynamic theme customization feature that enables users to change the calculator's colors in real-time using a built-in color picker. Designed a responsive UI with animated elements and clean layout to enhance user experience across devices. Built using HTML, CSS, and JavaScript, with a focus on usability, performance, and personalization.

TEDx Clone Website
React Project | 2025
- Developed a fully responsive TEDx-themed website using React.js, including speaker profile pages, video sections, and event information. - Focused on component-based architecture, responsive design, and performance optimization.

AI-Powered Student Assistant Website
Full-Stack AI Project | 2025
- Created an AI-driven academic assistant using Gemini 2.5 API to help students with Q&A, summarization, and document analysis. - Implemented a clean frontend in HTML/CSS/JS with backend prompt engineering and API integration. - Increased response accuracy and reduced latency by optimizing prompt design and backend logic.

Portfolio Website
Web Project | 2025
- Designed and deployed a responsive web portfolio showcasing projects, resume, and

contact form. - Integrated animations and interactive UI using HTML, CSS, JavaScript; deployed on Vercel.

PROFESSIONAL EXPERIENCE

Digital Marketing Intern
10 Minute School | July 2025 – Present
 Campaign planning & execution. Paid advertising and performance tracking. Content creation and strategy. Data analysis for smarter decision-making

Vendor Manager (Remote)
Freelance | June 2023 – Dec 2023
- Managed communication and deliverables for 10+ vendors; maintained 100% on-time delivery. - Created automated spreadsheets and workflows to streamline reporting.

EDUCATION

B.Sc. in Computer Science and Engineering
University of Asia Pacific | Dhaka, Bangladesh | Expected Graduation: 2027

Higher Secondary Certificate (HSC)
Ideal College, Dhanmondi | 2022

Secondary School Certificate (SSC)
Govt. Science College Attached High School | 2020

CERTIFICATIONS

- **Data Analytics Virtual Internship** – Deloitte (2025)

- **Microsoft Excel** – Advanced Formulae, Pivot Tables, Dashboards (2025)
